The Welland Saloon.

W. Whitney has assumed control of the Welland saloon, which he proposes to run strictly up to the times. He will dispense the best pipes and cigars and fine old Government whiskey, which slides down your throat like oil, tickling your palate meanwhile. Call and see "Handsome Wirt."

Benton's Liniment.

Which has been used in Carson for over twenty-five years, has saved many an ache and pain to those who know it. It is really intended for horses but works with the same magical effect on the human. It is a powerful remedy and for rheumatism is the king of the world. Aches knocked out in short order. No horseman should be without a bottle.

Benton's Liniment for sale at all drug stores.

John Henderson representing the firm of Wanamaker & Brown of Philadelphia, Pa., will be at the Arlington House Nov. 23, 24, and 25 with a full line of samples of Clothing and Furnishing goods. Do not fail to call and examine goods. Prices are much lower than ever before.

This mechanic will stop in Carson if the people will only give him a chance to prove himself worthy. Geo. W. Kitzmeyer has tendered him his workshop who will guarantee that his work will be good and charges satisfactory. Persons who have tried the so called upholsterers who are not responsible for their work, will find a big difference in their favor if they visit their upholstering to this man. No new evidence in the Hatton case at present.

H. M. Yerington and wife have returned from California.

The Secretary of the Blue Bird order of San Francisco is short \$13,000.

All the Comstock will bedown here on Monday evening.

Every fellow will take his best girl to the Minstrels on Monday night.

An arrangement to know if anyone has recently been heard to remark "I am a Democrat."

Charley Gibbons will be interlocutor and end man at the minstrels on Monday night.

New head gags and hand serves jokes at the Minstrels on Monday night.

Bills were opened yesterday for the issue of the new bonds of \$50,000,000 by the U. S. Treasury Department.

Slater, Tex., was set afire and sacked by a band of desperados yesterday. The citizens were held back at the muzzle of rifles.

Lucky Baldwin has just discovered that his crack horse, Roy El Super, had indeed been frequently depredated by a stable man.

P. T. Dolan, who killed Parrot Green at Cherry Creek on the 7th, has been bound over to appear before the White Pine Grand Jury.

The Silver State, in honor of the recent victory of the Silver party of Nevada, will have grand ball, free to everybody, on Thanksgiving eve at Armory Hall, Winnemucca.

The Pine Nut diggings, according to the Geneva Courier, yield \$7.50 a day to the man. If such diggings were in California there would be no end of excitement.

Yale defeated Harvard at football yesterday. Four Harvard men were carried off stretchers and a Yale man was knocked senseless. Some people say that pre-arrangement is beauty.

The people of Reno have appointed committees to receive the journalists who will visit Reno, Carson and Virginia from the 12th to the 14th of December. Provision for the reception of the journalists should be made here.

Maggie Warner, a seventeen-year-old girl, accidentally hanged herself while playing with other girls in a barn at Kegsberg Thursday. She mounted on a box and slipped backward till the loops of a rope had no hold saddle on. At that instant her saddle slipped away and the girl strangled to death.

The necessity of having to file a statement of expenditures incurred during the election by successful candidates is causing trouble and great inconvenience to the time for filing expenses. Nine candidates and Justices at San Jose will not be seated owing to their neglect.

From Fresno to San Joaquin, the grade of the Southern Pacific Railroad is completed, except break where bridges will have to be put.

A trainload of twenty-six cars arrived, says the Arroyo Grande Herald of the 17th inst., and took laying unexpected to accommodate a need Monday. As soon as the trackballast was laid, the 26 cars of bridge material will be moved forward without delay, and then for the bridge. It is probable that Arroyo Grande will be reached by the big engine of the Southern Pacific about a month from this date and guidance by the 1st of February, if not sooner.

Detectors were once put to work shadowing the suspected men, and after becoming reasonably sure of who was guilty one, due to his poor play, and the work of his enemies, twisting each man around until the inevitable climax of arraignment follows.

To accomplish this work it requires a complete system of keeping tab upon each and every piece of merchandise. A railway passenger is about thirty mistakes a month or more each day. If he makes more he is less likely, and if he makes sixty, he is still less.

"He means some man who does not report another: if he does not and no mistakes are reported against a railway messenger, then the men in charge of that department begin to investigate. They know the man must make mistakes and they therefore call man to report another, for one who makes mistakes and does not report it specially to the one who made it."

Advice to Mothers.—Mrs. Winslow's Tincture Syrup should always come to children reeling. It bores the child, it eases the pains, seizes the pain, cures wind colic and all the best remedy for diarrhoea, 25 cents a bottle.

I. E. ICE.

Order your pure clear Carson River ice from Doctor Benton. All orders will be promptly attended to.

A SUGGESTION.

HOW TO DISPOSE OF THE SILVER PARTY PIE.

Candidates for legislative positions are beginning to look up in different parts of the State. They will be numerous.—Journal.

If the State Central Committee would take hold of the matter many embarrassing complications might be avoided.

Let the Central Committee appertain the offices to the different counties of the State. For instance, Sergeant-at-Arms of the Senate, Storey county; Sergeant-at-Arms of House, Washoe county; Clerk of Assembly, Humboldt, and so on. Then let the Legislative delegates select the men for the office and if they have any difficulty they could accept it from the "jury" Central Committee. This plan would settle the business before the Legislature and save members from the annoyance of being bothered almost to death by applications for office.

It would also save a good many people their railroad fares to the capital. Many come from White Pine and Tonopah with the assurance that he will receive a checkship only to meet with bitter disappointment.

He goes home cursing what he considers partyocracy and probably fights the party of the next election. By the system we have suggested a great deal of bad trouble can be avoided and another feature of this system is that no one who was not a straight party man could secure a legislative office.

Under the old system a good fair and truthful talker would often secure office from a party whom he had been fighting all through the campaign.

Catching Postal Thieves.

The system employed by the United States Post Office Department in tracing thefts from the mail is so perfect that it is utterly impossible for any one to rob the mail unless his case is being detected," said John W. Hinsdale, postmaster of the workings of the Post Office Bureau, speaking at the meeting of the National Postal Association at St. Louis last week.

In the evening there will be a special service calling on V. V. G. from the Northwest.

Postmen upon Alaska by the government and other routes.

Everybody welcome.

Lady End Men.

The Oriole Minstrels will have Mrs. Ed. Yerington on one end and Mrs. Wildes (Minnie Kinhead) on the other, and the latter will also dance a Darky breakdown. There will also be some living pictures. Why! The price of admission ought to be raised to \$3, but it won't.

Turkey Shoot and Thanksgiving giving Ball.

The gubernatorial proclamation that Thanksgiving will be wheeled up this year does not complete the idea without the announcement that Adm. Wiggins of Empire will have a turkey shooting and Thanksgiving ball on Thanksgiving. The turkeys will be fat and juicy and stand still to be shot at, and the ball will be up to the usual standard of those festive events in Empire. There will be chicken shooting with shot guns and all kinds of true real old Thanksgiving sports with hilarity in the evening that makes life worth living in the sepulchre.
